

1. We will not enter a COVID suspected or COVID positive unit without the correct and appropriately fit tested equipment.
2. We will not enter a COVID suspected or COVID positive unit without being fully trained in the use of PPE, in particularly fit masking.
3. We will not facilitate non-essential moves within the centre including moves from a secure area to residential or from a high security prison to a low custody facility, where a COVID case is pending or confirmed.
4. We will not facilitate transfers to Palen Creek or any other low custody facility where appropriate fit testing and PPE training has not been conducted.
5. We will not facilitate any transfer between centres without a prisoner being isolated for 7 days and production of a negative RAT test.
